January 16, 2009

The quality of AAA Twin City Machine & Fabrication Inc's workmanship has exceeded all of our expectations. The effort and attention they gave to the specifications of our order directly contributed to the work coming in ahead of schedule and under budget. Their professionalism, responsiveness, and keen attention to detail has ensured that they will be our first choice for all future steel fabrication work required here at the Shilshole Bay Marina. I could go on and on about how fantastic they are but their work truly speaks for itself.

Sincerely,

A handwritten signature in black ink that reads "Dean Parris". The signature is written in a cursive style with a large, looped initial "D".

Dean Parris
